

TRANSFORMING AIR PURIFICATION

**750+**  
mobile

SEEKS, CAPTURES AND  
  
**inactivates  
indoor  
pathogens.**

CHANGE IS IN THE AIR.

**Greentech 750+ mobile**  
Purification for Transportation

We measure success in microns.

Providing continuous air purification,  
this mountable unit is perfect for vehicles.

# Benefits of Greentech's 750+ Mobile

Continuous  
Purification

Reduces  
Odors

Mounts to  
Save Space

Sized for Multiple  
Locations

Wide List of  
Applications

## Air Purification for Transportation

Providing continuous air purification, this permanently mounted unit is perfect for spaces without HVAC duct access. Greentech's 750+ Mobile features the same active air purification technology developed and used by NASA.

With a reactive surface area more than 16x greater than the competition, Greentech's 750+ Mobile continuously purifies your space. The result is the reduction of allergens from pets, pollen, and smoke, as well as odors from mold, mildew, and more.

Proprietary photocatalytic oxidation (PCO) technology uses energy to activate a catalyst, turning moisture into products that continuously clean your space.

Bipolar Ionization creates a plasma of electrical charges which removes allergens and other pathogens from the breathing space.

## Features and Specifications

### UNIT

- Dimensions: 10.25" H x 7.75" W x 3.00" D
- Metric: 260mm H x 197mm W x 76.2mm D
- Weight: 2.8lbs (1.27kg)
- Materials: Powder Coated Aluminum
- Warranty: 2 Year Manufacturer's Warranty

### PERFORMANCE

- Airflow: 70 CFM
- Ozone Output (optional): < 0.05 ppm
- Coverage: 750 ft<sup>2</sup>

### POWER

- Supply Power: 9-36VDC | 15W
- Operating Voltage: 24VDC | 0.56A

### TECHNOLOGIES

- Photocatalytic Oxidation (PCO)
- Bipolar Ionization Module (BPI)
- Same technology developed and used by NASA

## To Use This Product Correctly

1

Read All Instructions Carefully in User Manual Before Operating Purifier.
